**PETITION TO WITHDRAW FINALITY OF REJECTION AS  
PREMATURE UNDER 37 C.F.R. § 1.181**

Sir:

Applicant respectfully petitions under 37 C.F.R. § 1.181 that the finality of Patent Application S/N 10/786,306: "PORTABLE COMMUNICATION TERMINAL SET" be withdrawn as premature under the guidelines of M.P.E.P. § 706.07(b). This guideline states: "it would not be proper to make final a first Office action in a continuing of substitute application where the application contains material which was presented in the earlier application after final rejection or closing of prosecution but was denied entry because (A) new issues were raised that required further consideration and/or search" (emphasis added).

In the Advisory Action dated January 23, 2007 the Examiner indicated that the affidavit filed after the final office action was mailed was denied entry because it raised a new issue that should have been presented earlier.

Thus, in accordance with M.P.E.P. § 706.07(b), Applicant submits that the finality of the rejections in the Office Action dated May 16, 2007 are premature and should be withdrawn.

More importantly, Applicant points out that on February 9, 2007 Applicant filed a Request for Continued Examination (RCE) and an Applicant Initiated Request for Interview, formally requesting an interview prior to the first Office Action to discuss the merits of the Examiner's rejections and Applicant's traversal arguments, which the Examiner failed to respond to in the Advisory Action. Such an interview is a matter of right after an RCE and should have been granted by the Examiner (see M.P.E.P. §§706.07(b) and 713.02).

The Examiner, however, issued the Final Office Action dated May 16, 2007 without granting or even responding to the Applicant Initiated Request for Interview. Indeed, the Examiner simply ignored Applicant's request.

For at least the reasons outlined above, Applicant respectfully petitions that the finality of the rejections for the above-identified Application be withdrawn.
